## W. J. BOTTERILL IS ELECTED GRAND MASTER

OFFICERS OF MASONIC GRAND LODGE NAMED FOR YEAR AT MEETING IN CALGARY.

W. J. BOTTERILL

Officers of the Grand Lodge of Alberta, A.F. & A.M., which met in Calgary last week, were elected as follows:

Grand Master, W. J. Botterill, Red Deer; deputy grand master, John Kemmis, Pincher Creek; senior grand warden, J. Watson Young, Camrose; junior grand warden, F. S. Solwood, Calgary; grand treasurer, Thomas Sharp, Calgary; grand secretary, S. Y. Taylor, re-elected; grand registrar, John Gillespie, Calgary; deputy first district, Dr. Estey, Calgary; grand chaplain, Captain Pearson.

This communication has been the most successful and enthusiastic ever held. On Wednesday a memorial service was held, Captain Pearson delivering a splendid address. He paid a glowing tribute to those who had fallen in action, and urged those who were left to maintain the principles for which these brave men had fought.

There are 110 lodges in Alberta and over 8,500 Masons in the province. This is the first instance where a Grand Master has been elected outside of the big centres, and Red Deer is specially honored in this respect. W. J. Botterill is the youngest Grand Master ever elected in the West and probably in Canada. He was the first Junior Warden and Charter member of Kenilworth Lodge, Red Deer, and passed through the chair two years later. He has filled every senior office in the Grand Lodge, being District Deputy of this district in 1913, and his promotion has been continuous and unanimous, he only having to contest one election.

The newly elected Grand Master is one of our most prominent and popular young business men. He has served as Alderman and was Mayor of Red Deer a few years ago. He joined up with the 187th battalion, and when the battalion was sent over with only half its complement of men, he was one of the officers discharged. He then joined up with the artillery, went overseas, and was on the firing line several months before the armistice was signed.

## OUR RETURNING VETERANS

Pte. Percy K. Griffin, M.M., returned from overseas on Thursday, 5th of June. He joined up with the 63rd under Capt. A. R. Gibson, and was transferred to the 49th, a battalion that was in the thick of the fighting. He won his medal in the Cambrai offensive.

Last week we stated that Gunner G. N. Flyn broke his leg on his way to the front, whereas he was at the front the greater part of three months with his battery, the most momentous months in the history of the empire, before the armistice was signed. It was a month after the signing of the armistice and while marching to the Rhine that he was injured within two days march of Bonn.

Staff-Sergt. W. Patchett is one of those who were in England when war was declared and he tried to get into the Imperial forces at once. In this he failed, but a little while afterwards he was given an important post and worked his way up to Staff-Sergt. When the Canadians went over he asked to be changed to them, as he had a fondness for them. This was arranged, and he served with distinction in the Canadian ranks up to the close of the war.

Pte. E. S. Meeres, formerly of The News staff, and later in the Imperial Bank, returned with Lieut.-Col. Page's battalion last week. Ted is a son of Major H. Meeres, went over with the 187th, and was transferred to the 50th, where he saw a good deal of hot fighting.

### CLEARVIEW

Jack Jones, the sheep-shearing expert, has been piling up golden fleeces for D. W. McKinnon and J. J. Richards.

It pays to kick. If you don't believe it, just take a nice drive over our road now it is up to date.

R. Taylor, of Calgary, spent the week end at J. J. Richards.

A residence from Red Deer has been moved on to the Speirs property.

Guy Connors has been clearing up his quarter, and has now one of the prettiest building sites in the country.

The Women's Institute are holding a picnic on Friday, June 27th, at the Clearview school grounds, the proceeds to go towards equipping a room at the hospital in honor of the two Clearview boys who fell in the struggle on Flanders field.

Some barley is being sown this week. It has been kept over to avoid the worms, which have been quite active this spring on account of the dry season. While crops look well, a good day's rain would be much welcomed.

### GAETZ-PARKE

The wedding was quietly solemnized on Saturday, June 14, of Thomas Harold Gaetz, second son of Mr. and Mrs. T. A. Gaetz, to Leila Voila, second daughter of Mr. and Mrs. C. W. Parke, both well-known in Red Deer.

### BASEBALL

Our baseball team carried on the good work started the Monday previous, by defeating Innisfail 15-0 last Wednesday evening. P. Smith and M. Braton were the Red Deer battery.

The boys expect to go to Penoka on Friday night.

### HORN HILL.

Rumor has it that the returned veterans of Penhold and district are about to start an organization of their own. A meeting for purposes of the same will be announced later.

George Parker is busy hauling coal, preparatory to breaking up the Thomson place. Glad to see at least someone in the district has an inclination for excitement.

Wonder if Cecil Parker is subjected to springing surprises. We are anxiously waiting an announcement of the day and date for the coming celebration. Have a heart, "Digger."

Crops around the district are looking exceptionally promising, thanks to "Jupiter Pluvius" and "Old Sol."

What has happened to the boys at Horn Hill since the cessation of the war? Apparently one and all are experiencing the nature of 'Cail love.' Cupid is a past master of the art of sniping.

S. Pye has departed for his old home in Newfoundland. Evidently the exciting events of the district were one too many for him. Hence his departure.

The Horn Hill Sunday School will hold their picnic today on the grounds of George Domoney, commencing at 1 o'clock.

### BOYS' AND GIRLS' CLUB.

I have received a letter from Mr. Wm. Gilbert, of Stony Plain, from whom the Club Berks were purchased a year ago, to the effect that he can place some early pigs and quite a few boars.

Club members who have good young Berks would do well to write to Mr. Gilbert.

Last year's club members should bear in mind that at Red Deer Fair this year there will be special classes for Club members only, viz., best Berk and best Duroc sow under two years, and best Berk sow and Duroc with litter, four classes in all.

F. C. WHITEHOUSE.

### A RUSTIC BUST

The Balmoral District a picnic will hold.
For all the young and all the old,
For all the tender and all the tough,
Jest so long as they ain't too rough.
Mr. MacRoberts will be the host,
And John J. Gaetz will give the toast.

Everyone bring your basket of eats,
Old Mother Earth will provide the seats.
June 25th—remember the date;
If you can't come early, don't come too late.
At one o'clock we all will dine,
So pray to Foster it may be fine.

"ONE WHO WILL BUST."

## NOTICE TO CREDITORS AND CLAIMANTS.

IN THE ESTATE of Julius Kakkonen, late of Rocky Mountain House, in the Province of Alberta, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above-named Julius Kakkonen, who died on the 23rd day of August, 1918, are required to file with the undersigned by the 20th day of July, 1919, a full statement, duly verified, of their claims and of any securities held by them, and that after that date the administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to its knowledge.

MARRIED.—At the Methodist Parsonage, Red Deer, on Tuesday, June 17th, 1919, Rev. George D. Armstrong officiating, Frank Wilfrid Barton, of Condor, Alberta, to Lillian Hurst, daughter of John Hurst of Greys, Essex Co., England.

## COL. L. F. PAGE'S WELCOME HOME

GREAT CROWD AT DEPOT TO GREET RED DEER'S SOLDIER CITIZEN.

Red Deer turned out en masse on Friday afternoon last to welcome home Lt.-Col. L. F. Page, D.S.O., with two bars, commander of the 50th battalion, who had been given a splendid reception with his men in Calgary for some days.

When it was learned on Thursday that he would return on the five o'clock train Friday, citizens got busy and made preparations to give him a right royal welcome, together with his wife and little daughter, and Mrs. Page, sr.

Mayor W. E. Lord called a meeting of business men and it was decided to close the places of business for one hour from 4.30 to 5.30. A committee was appointed to take charge of proceedings, and citizens were asked to decorate their premises, and to turn out and honor our returned citizen.

Sharp on the stroke of five, the train pulled into the depot, with city bells ringing and whistles blowing, the children of the schools were there bearing flags, the veterans were there, and hundreds of citizens crowded every avenue of approach. Hearty cheers were sent up by the crowd when the party lighted down from the car, and Lt.-Col Page was quickly hoisted on to the shoulders of two stalwart veterans and conveyed to the car of Mayor W. E. Lord, which was handsomely decorated for the occasion, while the Veterans' and Citizens' Band struck up a lively air. The ladies were also conveyed to the car, and the procession, headed by the band and veterans, proceeded along Ross Street, followed by the children, citizens in cars and on foot, to the City Square, where the bandstand was decorated for the occasion, and where addresses of welcome were given by Mayor W. E. Lord, Comrade Robert Doran, President of the G.W.V.A., A. S. Maxwell, President of the Board of Trade, Mrs. J. W. Broughton, Regent of the Daughters of the Empire, Mrs. F. W. Galbraith, President of the Women's Council, and Mrs. R. C. P. Gee, President of the Ladies' Auxiliary of the G.W.V.A.

Mayor W. E. Lord addressed the assemblage saying we were here to do honor to Lt.-Col. L. F. Page, who had just arrived from four years' service overseas. He turned to Lt.-Col. Page and extended to him greetings on behalf of the citizens of Red Deer and district, at which point the band played and the school children sang, "O Canada," after which His Worship drew attention to the fact that Col. Page had gone overseas with the Central Alberta Horse as Lieutenant, and had worked himself up to his present rank as Lt.-Col.

His first conspicuous action was at Ypres in 1915, and in 1916 he was slated to return to Canada to recruit and command the 187th battalion, but it was found that his services could not be dispensed with at the front, and therefore the order was cancelled. Col. Page had made himself an outstanding figure in the Canadian forces overseas in that he had taken part in every engagement of any consequence in which the Canadians were engaged, that he never asked his men to go where he was not ever ready to lead them. He and his men never lost an opportunity of going over the top, and always brought back the game. Perhaps the most outstanding instance which has been reported was the occasion when all the senior officers of his command were put out of commission and he took command and brought the men out of a most difficult position with small loss. He was one of the best commanding officers in the Canadian forces, and should hostilities be reopened or occasion arise for other military necessity, he was sure Col. Page would be one of the first to respond, and every man who served under him in the late war would be anxious to get back under his command. He congratulated Mrs. Page on having such a noble son, who had made such an enviable record for himself in the war which we believe has just been brought to a close, and hoped she would be long spared to enjoy his comradeship.

On behalf of the citizens of Red Deer the Mayor then welcomed Mrs. Page, wife of the Colonel, to Red Deer, which was approved by the hearty applause of the assemblage.

We would not overlook the fact that while we are celebrating the safe arrival of Col. Page and his family, there are a good many men who have distinguished themselves in the field who are worthy of special mention and attention, who have returned quietly, without our knowledge, and drifted away to their homes without attention, which we would be pleased to have given them had we known of their return.

Robert Doran, President of the G.W.V.A., conveyed to Lt.-Col. Page a hearty welcome from the Great War Veterans of Red Deer, and congratulated him on his safe return, and the honors conferred on him by his country. He made a brief but appropriate address, and was heartily cheered.

Mr. A. S. Maxwell, president of the Board of Trade, speaking on behalf of the business men of the city said, you will remember the last time when we were gathered together on this square. It was on the occasion of the armistice celebration on the 11th day of November, 1918. If today there is less exuberance of feeling, somewhat less cheering and flag waving, yet you well know, and I can assure Colonel Page, while the enthusiasm may be of a quieter sort, it is yet as real, as warm and as heartfelt as then. We are here today to welcome to Red Deer, among the people whom he left nearly five years ago, the most distinguished of our soldier representatives. We want him to know that we rejoice at his return, that this is indeed home.

And yet, while we offer this public reception at his home-coming, we must forget not those men who, singly and by two and threes have for the past year and a half or more, have been returning. Our feelings toward them cannot be any less warm, any less sincere, than towards yourself. For the private soldier who left us two, three or four years ago, who played his part, who toiled and broiled in the mud of France or Flanders, who fought his good fight and his duty done again returned without stripe or star or crown or decoration; to him, said Mr. Maxwell, turning to Col. Page, you, I am sure believe of you he true, would be the first to say that no honour that might be shown to you was not in full measure merited by him.

Again, this same private soldier, more particularly if he had the good fortune to serve under your command, would as readily concede to you, as fully, justly and entirely earned, such small tribute as your own home people might be able to offer you.

Through you, for yourself, for the honors you have gained, and through you as representative of these other men of all ranks, soldiers all, we tender our welcome.

Let not those, and there are some before you, sir, today; let not those who have lost son or husband or father in the fight, feel that they have no part in this reception. To those who have fallen and who shall not return, a reception immeasurably beyond anything we can offer to our returning men has long ago been given by the Great God of Battles. They rest securely in company with those brave men of all ages who have fought in the cause of justice to uphold truth and freedom. As theirs has been the greatest sacrifice, so will their's be the chief reward. We dare not offer to those who so deeply mourn their loss any words, hoping to palliate their grief; but we do give place, allowing them as is their due, the front rank among those who tender honor to the men who have so nobly served.

And in offering you, Col. Page, such reception as it is in our power to give, we do not hope to honour you. We do rather honour ourselves in that we are permitted to tender you this welcome. You have fought; you have borne the burden and the horrors of war, and you have done it on our behalf.

Addressing the crowd, Mr. Maxwell continued: It is a matter of regret that I have been unable to obtain, to recount to you, the particular services for which Col. Page has received his decorations. He left you as a subaltern. He has advanced step by step, promoted on the field, until he returns the Commander of a thousand men. He bears the Distinguished Service Order with two bars, earned in action. One bar, I am told by a soldier returned, was won by Col. Page for carrying, in his shirt sleeves under fire, water to his own wounded men. Surely this indicates good reason for the affection, said to be entertained for him by the men under his command.

The manner of this reception, Col. Page, has been so arranged that all public bodies in the town might have a part. I speak particularly for the business men of Red Deer, almost all of whom, from their households, have sol ne or more representatives in the field.

What the Mayor and the President of the Great War Veterans' Association may have missed saying; what I feel has all too inadequately been expressed, you will gather from the faces of those who are here to greet you, and from the warm clasp of their hands.

Mrs. Broughton, at the close of Mr. Maxwell's remarks, presented Lt.-Col. Page with an illuminated address of welcome from the I.O.D.E.

On behalf of the Women's Institute Mrs. F. W. Galbraith presented Mrs. Page, sr., with a beautiful bouquet of roses, and Mrs. Gee presented Mrs. L. F. Page with a similar bouquet on behalf of the ladies of the Auxiliary of the G.W.V.A.

Lt.-Col. Page made a fitting reply to the addresses of welcome, praising the work of the men serving under him, and thanking the Mayor and citizens for the hearty reception they had given to them. He spoke in glowing terms of the men of the 50th battalion.

Finally the Mayor introduced Miss Patricia Page, the charming little two-year-old daughter of Col. and Mrs. Page to the crowd, and she received an ovation worthy of the occasion. Miss Frances Simpson presented Miss Patricia with a bouquet amid applause, and the proceedings came to a close by the band playing the National Anthem.

The 50-50 Mutual Hail Insurance Co. is one of the very best companies known to the farmer. The J. Malcolm Co. are exclusive agents in the Red Deer territory.

## PENHOLD NOTES

A family gathering was held at the home of Mr. and Mrs. Hugh McDougall last Sunday, in honor of Lyle's homecoming. Some twenty near relatives were present.

Penhold celebrates July 12th this year, when an old-fashioned pic-nic is promised.

Under the auspices of the Women's Institute, a dance will be given in Hugh McDougall's barn on Monday evening, June 23rd. Innisfail 4-piece orchestra in attendance.

Owing to the nursing demonstration taking place on July 3, 4, and 5, the monthly meeting of the Women's Institute, which should have been held on June 26th, will be postponed until July 4th.

The annual parade of the Orangemen will take place on Sunday, June 29th, at the Horn Hill Church, in the afternoon.

Mr. Geo. Gillis left with his brother John, for Summerland, B.C., where he hopes to rest up and recover strength.

Will Watkins, an old timer of Penhold, spent a few days in the neighborhood looking up his many old friends. He made Jim Carswell's his headquarters. His many friends were very glad to see him.

Mrs. S. P. Pye has had word from Mr. Pye of his having had a very pleasant trip.

There will be a free demonstration in Home Nursing and First Aid, given under the auspices of the Women's Institute, on July 3, 4 and 5, by Miss B. Sargent, R.N., Provincial Health Nurse, in the U.F.A. Hall, commencing at 2.30. Everybody welcome.

A high-class entertainment will be held in the Presbyterian Church, Penhold, on Friday evening, June 27, at 8.30 sharp, town time. The entertainment will be in the form of a joint recital, of Miss Norris', Penhold, music class, together with Mr. Henry Charles Suter, as comic and dramatic reciter. Eastern papers speak of Mr. Suter's ability in glowing terms some of them regarding him as the best interpreter of Dickens in Canada. Mr. Suter's recital and character sketches in costume interspersed with the musical items by the class, promises a most entertaining concert. Admission, adults, 50c, children 25c. Proceeds in aid of Memorial Hall Fund.

* * *

Mrs. Finley McKenzie, of Chinook, Alta., is spending a few weeks with her sister, Mrs. Geo. England.

* * *

Mrs. Butterwick and daughter, of Brownfield, Alta., are visiting Mr. and Mrs. Jesse Halstead.

* * *

Mr. and Mrs. James Spiers and family leave today for Banff, where Mrs. Spiers will try the sulphur springs for her health, after which they will go down to their old home in Wisconsin, for a visit and will then go back to the Western States in the fall. Mr. and Mrs. Spiers' many friends in Red Deer and district wish them long life and happiness in their new home.

* * *

On Tuesday evening next the choir of the Leonard Gaetz Memorial Methodist Church are putting on a Musicale and Dickens' Recital. They have procured the services of Henry Charles Suter, impersonator of Dickens's well-known characters, who comes with very high recommendation. The Montreal McGill Daily says of Mr. Suter's work there: "Mr. Suter kept his audience delighted with his clever impersonations, and was encored time and again." Mrs. Lucy Simons has also consented to appear, and with other musical items from well known local talent, the evening promises to be a very interesting and entertaining one.

### CHURCH NOTICES.

A meeting of members and adherents of Knox Church will be held in the Church on Friday, June 20th, at 8.30, to arrange for services in connection with the dedication of the memorial pulpit.

Knox Church, June 22nd, public worship at the usual hours. Sabbath school and bible class at 3 o'clock. Mr. Brown will be in charge of the services for the day. Congregational meeting on Friday at 8.30 p.m.

Right Rev. Bishop Pinkham, of Calgary, will hold confirmation service in St. Luke's Church on Sunday morning next at 11 o'clock. He will be assisted by Archdeacon Arthur Dewdney, of Calgary.

W. T. Coote was in attendance at the Masonic Grand Lodge in Calgary last week with W. J. Botterill.

Miss I. Farquharson, of Provost, is visiting in the city, the guest of Mrs. Dorrance.

* * *

Mrs. J. B. Spillard, of Calgary, is in the city, and is staying with Mrs. Page, sr., for a short time.

* * *

"A Night with Dickens" at the Methodist Church on Tuesday evening next, June 24th, at 8.30 p.m.

* * *

An interesting and entertaining program will be presented you at the Methodist Church on Tuesday evening next, June 24th.

* * *

The regular monthly meeting of the Ladies' Aid and Women's Missionary Society will be held in the Church Hall of the Presbyterian Church, on Friday, June 20th, at 3 o'clock.

* * *

The Presbyterian Ladies' Aid will hold a tea cent tea and sale of homemade cooking at the home of Mrs. (Dr.) McEwan, Michener Hill, on Thursday, June 19, from 3 to 6 o'clock.

* * *

Mr. and Mrs. C. Bennett, of Montreal, are visiting Mrs. Bennett's parents, Mr. and Mrs. E. Haste. Mr. Bennett will likely locate in Calgary.

* * *

A splendid rain fell on Monday evening last. Just what was needed. The rain was pretty general in the south end of the province.

* * *

The Balmoral district will hold a mammoth picnic on the farm of Mr. MacRoberts on Wednesday afternoon next, June 25th. Everybody welcome.

* * *

This is hail time. Hail has already fallen in this district. Mr. Farmer, insure in your own interests, and in your own company, by taking out a policy in the 50-50 Mutual Hail Insurance Co.—J. Malcolm Co., exclusive agents.

* * *

The regular meeting of the Sons of England will be held at the residence of Bro. Halstead, on Thursday evening, at 8 sharp. All members are earnestly requested to attend.

* * *

Mrs. J. F. Hall, of Montreal, who was visiting her son and daughter-in-law, Mr. and Mrs. W. S. Hall last week, left for Calgary on Saturday, where she will visit friends before returning east.

* * *

Announcement is made of the incorporation of a company to be known as "The Kenny Farm Agency, Limited," with its office opposite the C.P.R. Station. H. F. Kenny is the manager of the Company, and R. J. Thompson is secretary. The company is dealing in farm lands, live stock, produce, and equipment for farm buildings, such as lightning arresters, ventilating systems, water systems, etc.

Now that the warm summer evenings are here, why not enjoy the full use of your Veranda and Lawn?

We are showing an exceptionally nice assortment of those comfortable Rattan Rockers and Chairs which make ideal outside Furniture, and can also be used to advantage in the Living Room or Bed-Room later on in the Season.

We have them in both the Natural and Fumed Finish at Prices ranging from $5.50 to $15.00 each.

We will be glad to show them to you.

## QUESTION OF STOCK RUNNING AT LARGE IN MUNICIPAL DISTRICTS

Under the provisions of the Municipal District Act, Sections 206 to 216a inclusive, authority is given to any Municipal District to pass a by-law with reference to stock running at large. By the amendments made to the Act at the recent session of the Legislature, at the request of the Hon. A. G. MacKay, Minister of Municipal Affairs, any by-law of a Municipal District with reference to stock running at large, must be submitted for approval of the minister before it can be advertised as provided for by Section 214 of the said Act, and any Municipal Council that is considering the putting into force of a by-law with reference to stock running at large, should be careful to see that they have the necessary approval endorsed on a certified copy of their by-law before it is advertised. This amendment was asked for not because it was desired to interfere in any way with the business of the Municipal Districts, but for the purpose of protecting Municipal Districts, as far as possible, from trying to enforce a by-law which would be illegal, and which would get them into trouble. The following is a copy of the model form of by-law which is being sent out to the Municipal Districts under the instructions of the Minister, so that they may draw up their by-law in accordance therewith:

By-law No.

A By-law of the Municipal District of ..... No. ..... for restraining animals at large.

1. No horse, etc., (describe animals to be affected), the property of any person, resident or non-resident, within the said Municipal District of ..... No..... shall at any time be at large in that part of the said Municipal District, particularly described as follows:..... (if it is desired to restrain animals from running at large in any part of the district, use the words "in any part of the said Municipal District"; if, during certain months of the year, substitute particular months for the words "at any time."

2. An animal at large shall be deemed to be any animal not under direct control of the owner or someone acting under his authority, or not confined within any building or lawful fence.

3. Any animal at large contrary to the provisions of this by-law may be impounded in the manner herein provided for.

4. Pounds shall be established as follows: (location of pounds and names of poundkeepers shall be added).

5. Any fence conforming with the requirements of the Fence Ordinance shall be deemed to be a lawful fence, (or the Municipal District may define the fence they desire to have as a lawful fence.)

6. Notwithstanding anything herein contained, any resident of the said Municipal District may allow ..... head of horses or cattle (up to 100 may be allowed or, in the alternative, up to 500 sheep), to run at large for every 160 acres of land owned by him within such district.

7. The provisions of Sections 208 to 215, inclusive, of the Municipal District Act, shall be deemed to be incorporated in and form part of this by-law.

8. The provisions of the Stray Animals Ordinance, the Entire Animals Ordinance, the Herd Ordinance, and the Pound District Ordinance, shall cease to be operative within the said Municipal District on the coming into force of this by-law (if it is desired to retain the Stray Animals Ordinance or the Entire Animals Ordinance, the one to be retained shall not be mentioned in this section).

9. Any person who suffers or permits any animal, which he is entitled to possession of, to be at large within the said Municipal District, shall be guilty of breach of this by-law, and shall, under summary conviction under Part XV. of the Criminal Code, forfeit and pay as a penalty an amount not exceeding one hundred dollars and costs, and in default of payment forthwith after conviction, shall be liable to punishment by imprisonment with or without hard labor for a period not exceeding thirty days, unless such fines and costs, including the costs of committal, are sooner paid.

Done and passed in Council this ..... day of..... A. D. 19.....

.....
Mayor.

(Municipal District Seal).

.....
Secretary-Treasurer.

Referring to this model form of by-law, the following points should be carefully noted:

Section 1 refers to "resident or non-residents." If it is desired to make the by-law apply to non-residents only, the necessary change desired should be made.

Section 6 provides for the limiting of the number of cattle or horses or sheep that a man owning land within the Municipal District may allow to run at large.

The question of the number that may be allowed to run at large in any Municipal District rests with the Council of the District, but no provision can be inserted in the by-law so as to allow the owner of land to have more than one hundred cattle or horses or five hundred sheep running at large for each quarter section of land in the Municipal District owned by him. It should, of course, be borne in mind that it is not necessary for the Municipal District to deal with this point at all unless they so desire.

It is important that the provisions of the Act in regard to advertising of the by-law should be carefully followed; That is, that any by-law with reference to stock running at large, which the Council of the Municipal District intends putting into operation, should, after the form of by-law has been approved by the minister, be advertised by notice in some newspaper published in the Municipality, or if there be no newspaper published in the Municipality, in some newspaper having a circulation therein. Such notice shall contain a short synopsis of the by-law, and, in addition, a copy of the by-law is required to be posted up in fifteen conspicuous places in the Municipality; one of these places being the office of the secretary-treasurer.

If within thirty days of the publication of the notice in the newspaper, ten resident electors of the Municipal District petition the Council to do so, the by-law must be submitted to a vote of the resident electors, and a two-thirds majority of those voting is required before the Council can place the by-law in operation.

## WORLD'S RECORD IS BROKEN BY TANLAC

### BOTTLES SOLD IN FOUR YEARS WOULD REACH FROM NEW YORK TO DENVER, COLO.

Four years ago very few people had ever heard of Tanlac. Today it unquestionably has the largest sale of any medicine in the world. In the brief period of only four years time this now famous remedy has leaped from obscurity to the very pinnacle of success. Its fame, in fact, has long since spread beyond the limits of the continent, and numerous inquiries regarding it are now being received from many foreign countries.

Very few people, however, fully realize what a really wonderful record Tanlac has made. Indeed, if it were not for the unquestionable facts and figures given out by the largest and best known drug firms of the country, the story of its success would be hard to believe.

Up to January first, the total sales of Tanlac amounted to approximately twelve million bottles. The demand, however, is increasing, for during the first ten weeks of this year over one million bottles were sold and distributed in the United States and Canada, the exact figure being 1,306,186 in three months.

At this rate, therefore, the sales for the present year will amount to more than five million bottles. This will mean that 17,000 bottles of Tanlac will be sold during every day of the year, or 2,160 for every hour of the average working day.

These figures are too stupendous for the average mind to grasp, but one may visualize what twelve million bottles mean by imagining them laid out in a single file, end to end. Thus laid they would make a track of Tanlac from New York through Chicago, and on to Denver, Colorado; or they would form a double track of Tanlac from the Great Lakes to the Gulf of Mexico. Piled end on end they would tower 135 times as high as Pikes Peak, or rise 13,333 times higher than the Woolworth building in New York, the tallest building in the world.

The demand for Tanlac has become so great that its sale, instead of being measured by the gross as other preparations have been, is now reckoned by the carload. In proof of this it is a noteworthy fact that the leading druggist jobbers everywhere now buy Tanlac almost exclusively in carload lots. To supply the Pacific trade alone requires from forty to fifty car loads per year. Jobbers of the Middle West are selling from seventy to eighty cars per year.

The well known drug firm of Hessig-Ellis Drug Company, of Memphis, Tennessee, has sold over forty car loads since the introduction of Tanlac in that state four years ago.

Within the past ninety days, ten car loads of Tanlac have gone to supply the demand of British Columbia, Saskatchewan, Alberta and Manitoba, Canada.

The Owl Drug Company, of San Francisco, the largest retail druggists on the Pacific Coast, state that they have sold more than 180,000 bottles at retail, which surpasses the remarkable record of the Jacobs Pharmacy Company of Atlanta, who have sold approximately 80,000 bottles at retail.

Tanlac is composed of the most beneficial roots and herbs known to science. The formula complies with all national and state pure food and health laws of both the United States and Canada; and absolute merit and merit alone is responsible for its phenomenal and unprecedented success.

Tanlac is sold in Red Deer by Gaetz-Cornett Drug & Book Co.; in Stettler by Palace Phcy. Ltd.; in Eckville by Eckville Drug Co., and in Veteran by Veteran Drug Store.

# VICTORIA CROSS HERO INJURED IN RIOT

### SEVEN ARRESTS HAVE BEEN MADE AS RESULT OF DISTURBANCE.

Winnipeg, June 11.—Following the first really serious conflict between returned soldier constables, acting in place of the regular police force, which was dismissed by the police commission following refusal to pledge themselves to refrain from joining sympathetic strikes, seven arrests were made today. Serious trouble resulted when a large crowd of striko sympathizers jeered and booed the special constables.

The crowd surged into the street, and it was in an effort to clear a path for vehicles that the specials came into conflict with demonstrants. One of the mounted constables, Sergeant Frederick G. Copping, winner of the Victoria Cross in the great war, was the only person seriously injured. He was dragged from his horse and severely pummelled before being rescued. It was stated this afternoon that he will probably recover.

When a squad of special police was dispatched to the aid of their sorely pressed comrades they were met by a fusilade of missiles, and the police retaliated by free use of their batons on the heads of demonstrants.

The appearance of an additional detail of two hundred policemen marching down Main Street in platoon formation, had a calming effect on the crowd, and the rioting ceased as suddenly as it began.

Complete calm prevailed on the city streets up to noon today, and there were no indications of a recurrence of yesterday's disturbances.

### ALIEN DISGRACE OF TUESDAY WON'T BE REPEATED AGAIN

Winnipeg, June 11.—The city is quiet this morning, though no special policemen are anywhere in evidence. Traffic points are unguarded, but the citizens as a whole are resolved that the alien disgrace of yesterday shall not be repeated today, even if vigilantes must take the law into their own hands. Probably more citizens came to their offices today with guns in their pockets than ever before in a Canadian city.

They propose to circulate through any crowd of rioters that gather and see to it that the young special policemen are not stampeded by Austrian and German thugs as was done yesterday.

The young Victoria Cross hero, beaten nearly to death by foreign rioters, lies in the military hospital with his life despaired of.

There is no evidence of martial law, but all night military units stood with gun equipment ready. All night bands of ruffians roamed over the downtown streets, and from the city hall to the Royal Alexandra, crap games and every conceivable form of gambling went on on the sidewalks, chiefly among European aliens.

Threats of what they would do if a policeman appeared were rife, and an officer would have been murdered, so they were not interfered with, but this day will be "white Canada's" day in Winnipeg if this element makes a hostile move.

"Either the military will act or we will act," is the slogan of citizens this morning. The Labor News comes out this morning boasting that the "police replaced by thugs" in big letters on page one. The paper refers to the gathering of strikers nightly in Victoria park as "the soldiers' parade."

### BLAME LABOR TROUBLES FOR HIGH COST OF LIVING.

**Question is Discussed at Meeting of High Coat of Living Committee.**

Ottawa, June 13.—That labor troubles at the present time were partly responsible for the high cost of living in Canada was indicated this morning at the meeting of the commons committee dealing with that matter. H. H. Stevens read two telegrams to the committee showing that there is half a million pounds of meat lying unloaded in the harbor at Vancouver which cannot be unloaded because of the longshoremen being on strike.

Mr. Nicholson, chairman of the committee, doubted if the committee could do anything to secure the release of the cargo. The situation, he said, was due to the sympathetic strike. It was decided after some discussion to forward the telegrams to the minister of labor. They were as follows:

"J. F. Irons Canadian-Australian S.S. lines, Vancouver.

"Wire at once amount of meat on board your ship, Makura, Vancouver, and if impossible to unload. Also if you expect to carry this cargo back on return trip, and when you sail."

"H.H. Stevens, M.P., Ottawa.

"Your telegram received. Makura has on board 11,316 carcasses of meat, weight of which is 466,246 pounds. Thus far, impossible discharge meat or any other cargo. Vessel should have sailed last Saturday, but hold line here request me, hoping situation will improve. At time of writing see no prospects of improvement in near future. Naturally do not wish send to sea without discharge of cargo, but shall cannot remain here indefinitely."

E. B. Devlin inquired if any reply had been received from the Manitoba Cold Storage Company, which were ordered to appear before the committee. The chairman stated that no answer had been received. Mr. Devlin said: "I feel that we should send out a summons."

It was decided to telegraph.

# DR. CLARK COVERS ALL PHASES OF THE BUDGET

(Continued from Page 7.)

was being held from the people in order that prices might be kept up for the middleman.

### COAL AN ESSENTIAL.

He was, said Dr. Clark, in hearty agreement with the McMaster amendment so far as it concerned free food and agricultural implements. The clause in the amendment which provided for the free entrance of necessities of life, appeared to him to be beautifully vague. He wondered whether the opposition leader would include coal as being one of the necessities of life. Dr. Clark considered that it was. In a country where winter ruled for eight months of the year, it was essential to have free fuel for the homes of the people.

Free clothing and boots and shoes were also necessities of life.

Dr. Clark advocated the removal of the duty on iron and steel, as a help to railroad construction. It appeared to him a strange thing for the country requiring railroad development to permit a tariff which forced up the price of iron and steel. He then turned to the development of trade in England under protection, as compared with free trade, declaring that in 42 years under the former method trade had increased by 10½ million pounds. In 30 years, under free trade, the increase had been 168 million pounds.

### INCOME TAX NOT ADEQUATE.

He wished, said the speaker, to associate himself with Mr. Crerar in regard to income taxation. These, he said, were not adequate to the times. The people of Canada, he believed, were not at all reluctant to contribute generously to the needs of their country. He also thought that the government would have been advised to consider the raising of revenue by the imposition of a federal duty. The total wealth of Canada was about $19,000,000,000; Australia, with a total wealth of about $8,000,000,000, had raised last year the sum of $5,000,000 by federal succession duty. Canada had raised nothing. Both countries had collected about the same by provincial succession duty.

A land tax was another method advocated by Dr. Clark for raising revenue. The large areas which were held by speculators should be taxed. He criticized the various Victory loans, saying that they were owned largely by the wealthy people, and the interest on them would have to be paid by the poorer classes. With the wealth of Canada standing at $19,000,000,000, surely a much larger proportion of the revenue could be raised by direct taxation.

# THE NEWS' WEEKLY SERMON

By REV. GEO. D. ARMSTRONG

**Then answered Amos, I was no prophet, neither was I a prophet's son; but I was an herdman and a gatherer of sycamore fruit; and the Lord took me as I followed the flock, and the Lord said unto me, Go prophesy unto my people Israel.—Amos 7: 14,15.**

It is of interest to note that the prophet, who so vigorously refuses to claim a place of privilege in the prophetic class, was indeed a man with a prophetic message, the pioneer or herald of a new civilization, the founder of a new race of prophets.

His career marks a distinct change in prophetic ministry, an evolutionary advance in the function of God's spokesmen.

Hitherto the prophets of Israel had been ecstatic enthusiasts or "dervishes," whose power over the people lay in their striking personality, their mystic emotionalism, their power to enthuse the imagination, the passion and the faith of Israel. Or they were imitators of such men, making 'spellbinding' a profession.

Amos indignantly refuses to identify himself with such an order. His ability does not consist in the power to re-awaken an interest in the traditions or to kindle a flame of devotion to the ideas of an ancient faith. He is distinctly a man with a message to his own age and his mission is to reprove, rebuke and instruct the people of his own day. Beginning with Amos, the personality of the prophet, interesting as it is, becomes secondary to the import of his message, and he is the first, or one of the first to put in writing the truth which was struggling for utterance in his soul. Unsuccessful as a public preacher—the bitterness of his teaching being unacceptable to his age—he gives his thoughts permanency in writing. He became a preacher journalist.

In his writings, the scientific spirit begins to express itself, or at least the scientific method was used. He looks squarely at the facts of life, observes with clear vision the evils of his age and logically argues that out of such conditions only evil can arise. He sees life as the working out of moral laws which are certain in their operation and universal in their application. His teaching is distinctly social and ethical. He was not of those who could rest content with the religious attainments of a bygone age. The old-time religion was not good enough for him. It had to be vitalized by being adjusted to meet the new conditions which had arisen in Israel. He proclaims the message of a God of righteousness. "I hate, I despise your feast days, and I will not smell in your solemn assemblies; though ye offer me burnt offerings and your meat offerings, I will not accept them: neither will I regard the peace offering of your fat beasts. Take thou away from me the noise of thy songs; for I will not hear the melody of thy viols.

"But let justice run down as waters, and righteousness as a mighty stream."

The perusal of his message by ecclesiastics, journalists and labor agitators would do much to produce in our nation the spirit we need to confront the problems of our own day, till the multitude make virtue of the faith they now deny.

There is something wonderfully modern in this old-time sermon by the farmer preacher of Tekoa. With irresistible vigor he denounces the growing spirit of selfishness, the sensual indulgence, the profiteering and commercial dishonesty of his times and the uselessness of a religious worship which fails to inculcate the principles of justice and morality.

History is repeating itself today. a new sense of public righteousness is being awakened in the minds of the people. Farmer prophets are aroused to the need of a social awakening. As the old-time prophet solidified his work in giving it literary expression the modern prophets are embodying their ideas in class organizations.

Religious worship is finding expression in new forms of activity. It is vain to insist that old methods are essential and suicidal to think that God visits his people only in the religious organizations of a former age. We are living in a new age and to meet the pressing demands of this new age we need a larger Faith, a brighter Hope, a more Catholic Love, a holier zeal and a righteousness based on the fundamental laws of life. We need at once a religion more deeply conservative and more intensely radical.

As God is visiting His people, it is essential to our personal and national salvation that we recognize His presence in our midst and listen to the utterance of His voice.

Religion must express, as it truly interprets, the meaning of the great movements of the age on which we live.

"Trumpeter, sound for the splendor of God!
Sound the music whose name is law,
Whose service is perfect freedom still
The order august that rules the stars!
Bid the anarchs of night withdraw
Too long the destroyers have worked their will.
Sound for the last, the last of wars!
Sound for the heights that our fathers trod
When truth was truth and love was love.
With a hell beneath, but a heaven above.
Trumpeter, rally us, rally us, rally us,
On to the City of God."

### CHINESE CABINET RESIGNS IN A BODY.

Peking, June 14.—In consequence of difficulties created by the popular movement against pro-Japanese members of the government, the cabinet has resigned and President Hsu Shih Chang has also intimated his intention to quit office.

It is anticipated that parliament will decline to accept the president's resignation. This would amount virtually to a vote of confidence in the chief executive, which is needed to strengthen his hands in his fight against the militarists.

Strikes throughout the country continue. Railroad traffic is being impeded and the situation in China is awkward.

### NO AID FROM HOLLAND.

Paris, June 13.—Holland has notified the peace conference that the government will not participate in a blockade against Germany in the case of a refusal by Germany to sign the peace treaty.

ZAM-BUK

Purely Herbal—No poisonous coloring

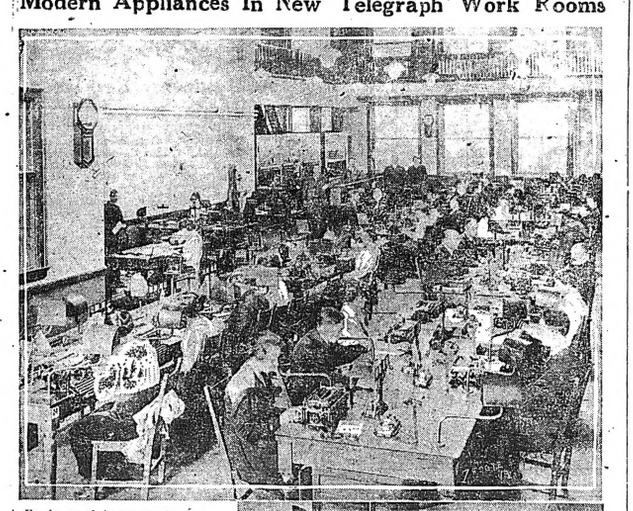
# MERCHANTS BANK CLOSES SUCCESSFUL YEAR

### NEW RECORDS IN DEPOSITS, CURRENT LOANS AND ASSETS.

Shareholders of the Merchants Bank of Canada have every reason to feel satisfied with the statement presented at the annual meeting of the bank, held at the Head Office on Wednesday the 4th instant. Gains were reported in every department of the bank's activities. The net earnings, amounting to $1,383,000, are the highest on record, while the deposits, current loans, quickly available assets and total assets also make new high records. Total deposits in Canada now stand at $128,000,000, as compared with $113,000,000 a year ago compared with $113,000,000 a year ago. This in itself is a very large gain and furnishes striking evidence of the confidence placed in the bank by the public. Quickly available assets, amounting to $62,750,000, are $5,000,000 greater than they were a year ago and bear a very high ratio to the bank's total liabilities to the public. At the same time the statement shows that the bank has been doing its full share in catering to the business requirements of the community, as current loans now amount to nearly $96,000,000 as compared with $76,000,000 in 1918. Total assets amount to $166,725,000 or an increase of nearly $26,000,000 during the year. Further evidence that the bank is thoroughly alive to the business situation in Canada is shown by the fact that since the end of the war the bank had opened numerous new branches, which not only gives employment to its returned officers, but provides additional banking facilities for the general public. The President, Sir H. Montagu Allan, reviewed the year's business, and spoke of the death of Andrew A. Allan, one of the directors. Mr. D. C. Macarow, general manager, referred confidently to the satisfactory outlook for business.

The shareholders of the bank authorized the directors to increase the bank's capital by $5,000,000 which Sir H. Montagu Allan, the President, would bring the total to $15,000,000, stated that the increase was to provide for future expansion, but that there was no intention of issuing any new stock in the immediate future.

## Modern Appliances In New Telegraph Work Rooms



Employers of the present day have come that to provide rest, recreation and hygiene, besides being the neighborly duty of the business owner or manager to those of his fellowmen and women whose time and energy he purchases, is in the highest degree profitable. "Kicking" on the part of an employee arises, as often as not, from ill-health which can be avoided by proper working conditions. The picture shows the women's rest room in the new quarters of the C.P.R. Telegraphs on Main street, near Portage avenue, Winnipeg.

Looking closely at the apparatus on the tables, in the third picture, one will see, side by side, two machines—one with a keyboard like that of a typewriter, the other with a little type-bearing disc touching a platen. These two machines are the two halves, as it were, of one of the most wonderful contrivances in existence—the automatic printer. Messages tapped off, letter by letter, on the keyboard of the first machine, are written out, by impulses which travel thousands of miles over the wire, on telegraph blanks slipped under the type-disc of the second machine. That is to say, the keyboard machine in the picture may be operating a type-disc machine in Montreal; and the type-disc machine in the picture may be printing a message that is being tapped off on a keyboard machine in Calgary.

The operating room, on the second floor of the new home of the C.P.R. Telegraphs, is 132 feet deep and 28 feet wide. Immense windows in two tiers, the lower of clear glass and the upper opaque, flood the apartment with light by day; and by night a system of indirect lighting gives ample illumination without glare.

At the back of the room can be seen the main distributing rack for the different wires.

The employees' comfort and health has been the main consideration. Healthy operators means good service.

## DIED WHILE SERVING.

W. P. Gundy, President and general manager of the W. J. Gage & Co., Limited, Toronto, died on Friday, May 23rd, highly respected and honored by all who knew him.

The Ottawa Journal pays the following tribute to him in a leading editorial:

William Pearson Gundy, whose sudden death occurred in Ottawa on Friday, was a high type of the Canadian business man. Able and hard-working, honorable and unselfish, unassuming and kindly, he was one who was always anxious to do a public or private service without asking or expecting any reward except the satisfaction of his own conscience and the goodwill of his neighbors.

Mr. Gundy, a Toronto man, Sir Hormisdas Laporte, of Montreal, and Mr. George F. Galt, of Winnipeg, constituted the War Purchasing Commission of Canada. For three years these three men gave their experienced business services free at Ottawa to the cause of Canada, practically relinquishing their own business. In that time they handled a responsibility here second only to that of the Imperial Munitions Board, if second even to that. They dealt with public money in something like the hundred million and they dealt with it with an unfailing ability, integrity, care and success that there has never been even a growl of criticism that we have heard of, or a breath of suspicion that anything but complete competence, fairness and patriotism marked their course. They did a great thing for their country, and they did it without a word of self-advertising.

And in many directions, war work such as these men did for Canada has been done by other men like them on other boards or commissions. Canada has not had only an army in the field. Canada has had a noble army at home, the leaders such men as Gundy, Laporte and Galt and the members of other war commissions, the rank and file the men and women who responded resolutely and generously to all the calls for patriotic funds, help for our allies, war loans and Red Cross and other subscriptions.

Let us all try to realize in Canada that we owe to our country and to each other the justice to feel that while there may have been shortcomings in connection with some of our national efforts, and some just causes for criticism and complaints, Canada's performance on the whole in the great crisis of the world war was a brave and able and honest thing, and that we all should be kindly with and considerate of each other in our thoughts about it, and in discussing and dealing with the problems that have arisen out of it.

Mr. Gundy died a Canadian martyr to the war as surely as any Canadian soldier who fell on the field of battle, and as unselfishly. Over his memory the verdict stands for Canada, "well done, good and faithful servant."

Edmonton Journal.—The more or less excellent verses written in admiring memory of the aviators Hawker and Grieve, who spoiled the effect by coming to life again, will doubtless have had a similar effect to that produced by a liberty statue in Detroit on which a recently returned soldier found his own name inscribed. The report says he bared his head before the imposing monument and remarked that it was something of an exaggeration.

It is gratifying to know that we will not starve to death for at least another year as Herbert Hoover solemnly informs us that there is food enough in the world to keep us going for at least that period of time.

## W. A. BUCHANAN CRITICISES THE BUDGET.

Ottawa, June 13.—W. A. Buchanan, of Lethbridge, in the budget debate, said while it was true that western Unionists had been sent to parliament to deal primarily with war questions, still the war was practically over, and if they were to remain here to deal with reconstruction, they should deal with reconstruction and apply the tariff to reconstruction.

HIGH COST OF LIVING.

The high cost of living was the result of the war, and therefore they ought to deal with that in the reconstruction period. The minister of finance had removed the war tax from foodstuffs and clothing, because it helped to relieve the burden on these articles. He should, and could have gone further. It would be frequently argued that the tariff had no connection with the cost of living. He noticed, however, that on the day following the budget, merchants stated in newspaper interviews that staple articles, because of the reduction of the tariff, would come down in prices. It proves that the tariff had a good deal to do with the cost of living.

Mr. Buchanan said he felt that the cost of living was making people uneasy and dissatisfied and had something to do with the spirit of unrest in the country. The minister of finance had laid emphasis on production in order to make new wealth, but if we are to bend our energies in that direction, it was our duty to make the implements of production as cheap as possible. Had the government done so, it would have done much to satisfy the people of Canada at the present time. He believed the duty was being maintained to help the small manufacturer, and he protested against this course after these manufacturers had had the benefit of protection for from 20 to 30 years.

## GOLDEN WEDDING

### Of Mr. and Mrs. H. I. Lund at Balmoral

The Lund family celebrated on Tuesday evening an event of rare happening in the golden wedding anniversary of Mr. and Mrs. Hans I. Lund. The celebration took place at the residence of Mr. R. A. Lund, Riverside Farm, Balmoral, Red Deer, and was attended by most of the family, along with Mr. and Mrs. J. F. Day and Mr. and Mrs. P. Pidgeon. Mr. and Mrs. Lund's family now living are:—

Mrs. J. I. Gelsinger, of Santa Monica, California.
Mrs. W. E. Thornton-Trump, Vancouver, B.C.
Mrs. S. V. Day, Red Deer.
Miss Myrtle Lund, Red Deer.
Mr. Nicholas Lund, Dowling Lake.
Mr. R. A. Lund, Red Deer.

In addition, Mr. Andrew Lund, Mr. H. I. Lund's brother, and Mrs. Lund were present, and his sister, Mrs. Enstedt, of Santa Monica, Cal., and her daughter, Mrs. Center. Mrs. Gelsinger and Mrs. Trump were unable to be present.

After a bountiful supper, a pleasant evening was spent in music, speaking, and social intercourse. Mrs. Lund recalled going twenty-five miles in a lumber wagon after the wedding to her new home. Mr. Lund was presented by the family with a gold headed cane, and Mrs. Lund with a diamond ring and necklace, while a nice clock was for them both.

Mr. Lund was born in Denmark, and Mrs. Lund in Schleswig, Holstein. Mr. Lund is 76 years of age, and Mrs. Lund 65, and both are in good health. They were married in Iowa on June 10, 1869, and came to Red Deer some 18 years ago, where they took up land on the old homestead where the golden wedding was celebrated which, though Mr. Lund's energy and thrift has become a valuable farm. Three years ago he sold out to his son Robert, who is maintaining the place with enterprise and success. Mr. and Mrs. Lund will spend the summer with their children and relatives in this district. That they may be spared for some years yet to enjoy the evening of their life is the wish of their many friends and acquaintances.

## SPORTING ITEMS

### FOOTBALL.

The two games last week showed that the teams got together in the city are fairly evenly balanced and that there is going to be no runaway for any bunch. The School turned out on Wednesday to meet the Veterans, and from the start the game was a hum-dinger. The school came away right from the start and made things warm round the Vets. goal, but the fact that the Vets. were compelled to play the one-back game put an end to some of their best efforts. The boys are not accustomed to meet that contingency yet, and found it difficult to keep on side. A tussle close in, however, gave them their opportunity, and they notched their first goal about midway in the first half. After the turn over, the Veterans played a harder game, and with a shuffling between the backs and halves came the equaliser. The game after that became faster than ever, and play ruled from one end to the other. Eventually Scotty Reid got possession on the wing and swung across the goalmouth for one of the school boys to put it past the keeper for the winning goal. There is some doubt about the ball having hit a spectator in passing, but the ball undoubtedly struck the foot of the post and bounced straight ahead.

**Veterans v. Firemen.**

On Friday night the Veterans met the Firemen and had a good deal more of their own way. After the rousing game of Wednesday they were no doubt in better trim and more able to stay the distance. The first half only produced one goal for the Vets., but in the second half the Firemen fell away considerably, and three goals came in quick succession, and the Veterans won by the nice margin of four goals to nothing.

**School v. Firemen.**

The game on Monday night between the School and the Firemen was a very even game, and but for the fact that the School managed to get on a score before the Firemen had really got started, there would have been a clean slate at the finish. The game tended at one time to develop into a rough and tumble, and it was difficult for some of the boys to keep their temper. The final result of one goal to nothing in favor of the School was a fair index of the game.

### FOOTBALL NOTES.

**That off-side rule.**—This is one of the laws of the game which causes more annoyance to the young players than any other, and perhaps a few remarks will help them to get better results for their exertions. In the first place you can only be on side in two ways. You must have three men in front of you when the ball is played, goalkeeper and two others, or receive the ball from an opponent; or, you must be behind the ball when it is last played. Taking note of the last remark, that was the only way for the School to have circumvented the one-back game of the Vets. last Wednesday. Had the forwards kept behind the ball, they could have gone down time and again without hindrance. The one-back game is only a stumbling block to inexperienced players, and is one of the easiest of games to counteract. Take care that you are behind the ball and you can play anywhere on the field.

**That goal of the School's against** the Veterans on Wednesday night, which was the cause of so much dissension and hard sayings against the referee, was the only possible decision that could have been given. It must be remembered that the ref. has to give a decision on the spur of the moment, on the evidence of his own eyes, and to all appearances the ball struck the foot of the post, and therefore remained in play. Be that as it may, it must be remembered that it is up to the defenders of any side to keep their line clear for their own benefit, and not for the referee, and the children who stood behind the line should have been kept clear by those in charge. The sooner the lines are clearly marked the better it will be for all parties. See that the lines on the field are marked clearly at once.

**Just a word to the Veterans.**—The most important place on the team is the goalkeeper. Given a goalkeeper inexperienced, you throw a great responsibility on your back, and in the moment of danger from a long shot you must weaken your offence in a wild endeavor to strengthen the defence, leaving it an easy matter for the opposing half-backs to keep the ball in your half.

**The Throw-in from Touch**—The difficulty seems to be that the halves cannot keep their feet down. The ball must be thrown in over the head with both hands, and both feet must be on the ground. The forward should not throw in, as he is more apt to give a foul throw, and also his best plan is to be in his own place to take the throw-in.

**Jumping**—Just a word to our lightweight School team. Jumping may be penalized as dangerous play, even if no foul is apparent, and is not to the good of the game, besides being a great danger to the jumper. Wait till the ball drops.

**The Back Charge**—Care should be exercised, when a throw-in is taken, to prevent pushing from the back. Stand shoulder to shoulder with your opponent is the safest solution, as the best and only allowable charge is from the shoulder. Never use your feet round an opponent, as you can not put your foot round without fouling.

**Questions**—Questions to this column will be willingly answered in our following issue. Make use of us, as we wish to see the game fostered and played properly. If in doubt as to any decision given on the field, don't argue the matter with the ref., as he won't answer; but make a mental note of the facts, and we will willingly give the reason for the decision. We are at your service—use us.

Stick together, get a full team out, and play the game. That's the only way to win.

# CITY OF RED DEER

### TAXES

10% discount will be allowed on all current taxes, excepting frontage and government taxes, paid by June 30th.

### ARREARS OF TAXES

The City Commissioners will discuss with any property owners in arrears of taxes to the amount of $20.00 or over the question of granting an extension of time for payment of arrears. This should be arranged before June 25th.

### PENALTY ON ARREARS.

On July 1st, 5% penalty will be added to all arrears excepting on those properties for which extension of time has been arranged by arrangement

### REBATE TO WAR VETERANS.

A rebate of all penalties charged on arrears of taxes on properties owned by soldiers or sailors serving with any of allied forces will be allowed from date or enlistment to date of discharge.

GOD SAVE THE KING.

## TWO PROSPECTORS ARE FOUND DEAD; SHOT MANY TIMES

ONE MAN HAD SEVEN BULLETS IN HIS BODY, THE OTHER SIX.

Peace River, Alta., June 12.—Frank Lawrence Sharp, an American, and Joe Rigalado, a Mexican half-breed, were victims of a shooting tragedy in the lone fastnesses of the Rocky Mountains one hundred and seventy miles north west of Hudson Hope some time during the last few weeks. Their dead bodies were found on the trail leading into the mountains by McDougall's men who were cutting a trail into the region where copper claims are located. One man had seven bullet holes in his body and the other six. Guns lay by either body and many empty shells around. The provincial police at Hudson Hope were notified on Saturday and went out to investigate.

Sharp and Rigalado passed through Peace River early in March en route to Hudson Hope to prospect for and locate copper claims. A syndicate of local men was formed here to take out licenses for claims to be located for them by Sharp and Rigalado. They were heard from in April saying that they were at Halfway river and ten days ahead of anybody else and asking to have license renewals forwarded to the office at Hudson Hope by June 1st as they could not be back in time. Next word heard from them was last Saturday when their dead bodies were found on the trail. It is known that rival parties were competing for locations. Valuable mineral claims are said to exist in Hope region. It is not thought that two men could pump each other full of lead as had been the case in the bodies found.

### WHEAT CROP IN PRAIRIE WEST IN FINE SHAPE

Many Districts, However, Report Light Prospects of Coarse Grains Says Free Press

Winnipeg, June 13.—Analysis of replies to nearly 100 messages of inquiry sent to points in the prairie provinces by the Free Press, indicates that rain has, within the last few days, fallen over very widely separated areas, and while more is needed almost everywhere, the wheat crop on the whole is in excellent condition and should move forward rapidly. Only one district reports wheat in shot blade.

The extreme heat of the later part of May has affected coarse grains adversely and in many districts the late seeded oats and barley will be a light crop even with the best of conditions from now on. Cutworm damage is fairly general, as is always the case in dry weather, but the damage is apparently not excessive anywhere.

The plague of grasshoppers has been fairly general along the south west of Manitoba and Saskatchewan, but is now apparently pretty well in hand. Only one place in the centre north reported serious damage from grasshoppers.

Farm help is scarce at a number of points and wages are high, running from $65 to $70.

Few cases of real damage from drifting with consequent re-seeding are reported. Judging by the reports the crop of 1918 is all out of the farmers' hands.

## PORCUPINE RESERVE OPENED FIRST JULY

FOR RETURNED MEN ONLY

Prince Albert, June 12.—Details of the conditions governing settlement in the Porcupine reserve lands which are to be thrown open on July 2 have been outlined in a letter received by F. J. O'Leary, superintendent of the Prince Albert Force, from J. R. Shore, assistant director of land settlement.

The communication states that the Porcupine forest reserves, townships 41, 42 and 43, ranges 6 to 10, west of the 2nd, will shortly be thrown open for soldier settlement. Each applicant must have his attestation showing military service in England and France or received disability in Canada, which would entitle him to attestation.

This land will be opened up in July and it will be necessary for each applicant to draw for his place in the line. This draw will be made on the ground on the day of the opening among the men there lined up, and whoever is fortunate to draw one, two, three, four, etc., will then make his choice of selection of 160 acres. The adjoining 80 acres he may acquire at a later date.

The soldier settlement board and the department of the interior, are finally convinced that a man obtaining 240 acres of this land is securing more value than 320 acres of homestead land in any other district.

There was established on June 9 an office at Prairie River where full information will be given all soldier settlers as to location of lands and the character of the district, which will enable a man to view this country thoroughly without loss of time and expense.

This announcement is made in order to bring to the attention of the veterans, as, no doubt they will be anxious to know, the terms and progress that is being made.

Raise More Hogs

Every Farmer realizes the profits in Bacon Hogs at present prices.

The only question in his mind is, "Where can I get the money to buy brood sows and pigs to fatten?"

The Merchants Bank gladly makes loans to assist capable farmers in increasing their holdings of live stock.

Talk it over with the Manager.

## WINNIPEG AGITATORS ARRESTED

AUTHORITIES DETERMINED TO BRING TO TRIAL RESPONSIBLE REVOLUTIONARIES.

Winnipeg, June 12.—While the plan to arrest the strike leaders was again delayed today, a number of dangerous alien agitators were taken from the Swift Canadian plant and locked up. Reports of a plot against the plant were general. Senator Robertson, minister of labor, was in conference all day with the civil and military authorities.

While the city was strangely quiet all day and this evening, the authorities are determined to bring to trial those responsible for the revolutionary attempt, and the local papers keep the fact prominently before the public. The Free Press has a double-column full length editorial in tenpoint on its first page calling attention to the charge against the strike directors of establishing a Soviet government, and referring to the fact that the leaders later attempted to deny that they had established a Soviet government. It says:

MADE THE DECLARATION

"Rev. William Ivens made this declaration in a public address in Victoria Park the day following the strike: "Winnipeg is now governed by a Soviet; the seat of authority has been transferred from the city hall to the labor temple." This is one of the specific charges against Mr. Ivens, for which it is proposed to charge the strike leader with treason."

The citizens' thousand league has a four-column advertisement in the local papers headed "Canadian or Revolutionist," which adds, "These riots were not the ordered demonstrations of the sincere loyal trade unionist citizens of Winnipeg, but were perpetrated and kept going by alien enemies. The riot was born of revolution, planned and forecasted to be the overt act that would usher in their red revelution and make them dictators of a Bolsheviked Canada."

DATA OF RECORDS

The balance of the advertisement contains data from the strike records and authenticated utterances of the leaders. The Telegram has a two-column editorial on its first page headed: "Wanted—Action, Not Politics," and ridicules the suggestion wired from Ottawa for a commission to investigate the strike.

The editorial also warns the mayor that the law provides for others to read the Riot Act when the executive fails, and says a repetition of mob violence will see these means resorted to, and that Gen. Ketchen will act on his own authority to suppress riots. The Strikers' Labor News announces today that an armored tank car was received from the east last night, and immediately removed to Osborne barracks. This is not confirmed officially, but law-abiding citizens hope it is true, and that the car will be used if more rioting occurs.

FEELING OF SECURITY.

This and added energy on the part of the military authorities have given a general feeling of security not felt for several days. The offering of $500 reward by the provincial government for information as to those responsible for assaulting Sergt. Fred Coppins, V.C., has resulted in several suspects being arrested. Secret service men were busy during the rioting taking the names of those throwing stones and battering the police, though at the time they could not arrest the rioters. J. S. Woodsworth of Vancouver, who was prominent as a minister and worker in Grace Church All Peoples Mission, the Forum, and social welfare work of Winnipeg before he went to the coast and became a longshoreman, is here preaching to the strikers, and in a letter in the Labor News today he notified his friends of other days in the city that:

RADICAL ACTION NEEDED.

"This strike is not in the ordinary acceptance of the word revolutionary. It is true that as the French revolution stirred Europe, so the overthrow of the old bureaucratic tzarist regime has caught the imagination of the working classes of the world. The crisis calls for extraordinary measures. Troops and more troops will not settle the question. Constructive radical action must come sometime and why not now."

As evidence of the uncertainty that still remains in spite of the calm of the day, the street railway management announces indefinite postponement of service, and the people are demanding that the jitney be restored. True, only two out of 1,600 of the old employes reported for work today but the citizens are so determined to have normal conditions restored that it is believed all the volunteers necessary can be found to operate the cars if called for. If trouble is to start when the cars resume, the feeling is that the cars should start and get the trouble over with. Meantime the city is nearly normal.

## PARIS DOUBTS THAT HUNS WILL SIGN

FOCH READY TO ADVANCE

Paris, June 12.—Marshal Foch and General Weygand had two conferences yesterday with Premier Clemenceau at which they discussed the immediate resumption of hostilities and a concerted advance of the allies says Marcel Hutin in the Echo de Paris.

The general opinion is, the writer adds, that Count Brockdorff-Rantzau has committed himself too far to be able to sign the treaty. It is also believed that the Schiedemann ministry will be swept away to make room for a ministry of moderate independent socialists, who will be joined by Mathias Erzberger, chairman of the German armistice commission. This ministry, it is declared, would be disposed to accept the allied conditions which it will do about July 1.

Weimar, June 12.—"We are still in office, and we will stick, because it is our duty to save the German people," Gustave Noske, the minister of defence, declared at the meeting today of the majority socialist party.

Paris, June 12.—There was increasing belief in peace conference circles today that the reply to the German counter-proposals would not be ready for delivery before late Saturday night.

Five days has been definitely fixed as the limit within which the Germans must decide upon their course.

The reply to the counter proposals, according to French conference sources, agrees to a plebiscite in Upper Silesia, subject to certain clearly defined conditions.

## TEN THOUSAND SETTLERS ARE BOUND FOR LAND

HALF THAT NUMBER HAVE GONE ON FARMS, REMAINDER ARE ON WAY

Ottawa, June 11.—While only about 4,000 returned soldiers have so far gone on the land, at the same time there have been 9,626 applications received by the soldier settlement board up to May 3. Of these, 6,922 have been approved by the qualification committee in the various provinces.

Under the old provisions the average loan made to returned soldiers was $1,500, but under the new provision the average loan has been $2,300.

Alberta shows the greatest activity. The Edmonton office has approved 1,134 applications and the Calgary office 767. Manitoba reports 1,536 applications approved, while Saskatchewan has a total of 1,264, of which 1,101 were reported by the Regina office, 361 by Saskatoon and 127 by Prince Albert. British Columbia reports 949 approvals: Ontario, 426; Quebec, 114; New Brunswick, 189; Nova Scotia, 114; Prince Edward Island, 104.

Herewith are the number of applications received at the various district offices of the board: British Columbia—Vancouver, 1,634 (an office has been opened at Victoria, but no returns have been received); Alberta—Edmonton, 1,380; Calgary, 881. Saskatchewan—Regina, 1372; Saskatoon, 394; Prince Albert, 248. Manitoba—Winnipeg, 1,522. Ontario—Toronto, 918. Quebec—Montreal 202. New Brunswick—St. John, 290 Nova Scotia—Halifax, 343. Prince Edward Island—Charlottetown, 141.

The number of returned soldiers recommended for training, both instructional and practical, is as follows: British Columbia, 95; Alberta, 68; Saskatchewan, 50 Manitoba, 132; Ontario, 72; Quebec, 36; New Brunswick, 10; Nova Scotia, 20; Prince Edward Island, 4. The number actually taking training is 143.

## VALLEY CENTRE

People of the Valley are delighted with the refreshing showers of the past few days.

The many friends of Mrs. Christopher Reay are indeed pleased to hear of her steady progress towards recovery.

Rev. Mr. Meek called on a few of his people through the Valley district last week.

Mr. Alfred Reay, of Willowdale, our Sunday School Superintendent, has gone on a trip to the Coast. During his absence his position is supplied in Sunday School by the assistant superintendent.

It certainly is encouraging to see the number of people, accompanied by their families, who are attending preaching services and Sunday School in our Valley. All made welcome.

Service in Valley Centre Church, June 22nd, at 11, a.m. Rev. Mr Meek pastor. Sunday School at twelve o'clock.

## NO WIVES FOR THEM; HOW THE BOLSHEVIKI NATIONALIZE WOMEN

SARATOFF PUBLISHED A DECREE THAT MADE ALL WOMEN, MARRIED OR SINGLE, PUBLIC PROPERTY— BOLSHEVISM GONE RAMPANT

While the British White paper on Bolshevism gives no specific account of the nationalization of women, General Knox in a special report from Vladivostok to the War Office on March 4, gives the text of a document belonging to a Red Commissar captured at the front, and quoted in the local press: "Herewith I certify that the bearer, Comrade Evdomikof is allowed the right of acquiring a girl for himself and no man may oppose this in any way, he is invested with full power which I certify."

SOME SPECIFIC CASES

Specific accounts of the nationalization of women, however, have been printed from various sources. A Bolshevik decree issued by the Bolsheviks of Vladimir, and published in the official Socialist organ, "Izvestya," at the end of last year, states that all girls having reached their eighteenth year are to be announced as the property of the State, and that any such girl not having married is obliged under the most severe penalties to register at the Bureau of Free Love at the Commissariat of Surveillance. Having registered at this Bureau, she has the right to choose a cohabitant husband from among the men between the ages of 19 to 50. The consent of the men in the said choice is unnecessary, and the man on whom such a choice falls has no right to make any protest. On the other hand, the right to choose from a number of girls who have reached their eighteenth year is given also to men. The opportunity to choose a husband or a wife is to be presented once a month.

A special correspondent writing to The London Times from Helsingfors on March 11, stated that Stuchka, president of the Bolshevik government of Lettland, has issued a proclamation nationalizing women, and free love without restriction has been decreed for women from 17 to 45 years of age.

SARATOFF GOES THE LIMIT

The London Times has published a translation of a proclamation that was posted in Saratoff, East Russia, and was given effect to in a limited degree. The same proclamation was posted in Ekaterinburg, where effect was also given to it for a few days before the advent of the Czechs. "There need be no hesitation," The Times says, "in accepting the decree as a genuine document." The proclamation read in part:

This decree is proclaimed by the free association of Anarchists of the town of Saratoff.

In compliance with the decision of the Soviet of Peasants', Soldiers', and Workmen's Deputies at Kronstadt, the private possession of women is abolished.

From March 1 the right to possess women of the ages of 17 to 32 is abolished.

The former owners may retain the right of using their wives without waiting their turns.

All women according to this decree are exempted from private ownership, and are proclaimed to be the property of the whole nation.

The distribution and management of appropriated women, in compliance with the decision of the above said organization, are transferred to the Saratoff Anarchists' Club. In three days from the date of publication of this decree all women, given by it to the use of the whole nation, are obliged to present themselves to the given address and to supply the required information.

Men citizens have the right to use one woman not oftener than three times a week, for three hours, observing the rules specified below.

Each man wishing to use a piece of public property should be a bearer of a certificate from the Factories committee, the Professional union, or the Workmen's, Soldiers' and Peasants' council certifying that he belongs to the working family class.

The chief of the anarchists will be in charge of the temporary technical measures relating to the realization of this decree.

All refusing to recognize and support this decree will be declared enemies of the people and counter-anarchists, and will be held strictly responsible.

(Signed),

COUNCIL OF THE CITY OF SARATOFF, RUSSIA.

The distribution and management of appropriated women, in compliance with the decision of the above said organizations, are transferred to the Saratoff Anarchists' Club. In three days from the date of publication of this decree all women, given by it to the use of the whole nation, are obliged to present themselves to the given address and to supply the required information.

Men citizens have the right to use one woman not oftener than three times a week for three hours, observing the rules specified below.

Each man wishing to use a piece of public property should be the bearer of a certificate from the Factories' committee, the professional union, or workmens', soldiers' and peasants' council, certifying that he belongs to the working family class.

The chief of the anarchists will be in charge of the temporary technical measures relating to the realization of this decree.

All refusing to recognize and support this decree will be declared enemies of the people and counter-anarchists and will be held strictly responsible.

Council of the City of Saratoff, Russia.

(Signed).

### GERMANY'S DEFEAT MOST COMPLETE DECLARES HAIG.

London, June 13.—Speaking at Mercer's Hall, where the freedom of the Mercer's company was conferred upon him and Admiral Beatty, Field Marshal Haig emphasized the completeness of Germany's military surrender. He said that to have pressed forward after the great culminating defeat of the Germans on the Sambre on November 4, 1918, would have meant further loss of life, destruction of property and expenditure of money, while it could not have rendered Germany more helpless in a military sense than she was today, with her army dissolved, her guns, transport and airplanes surrendered and the crossings of the Rhine held by the allies.

The surrender of the German fleet was not more abject, complete and irrevocable than the surrender of the German army.

D. C. MACAROW, General Manager.

Report of the Auditors to the Shareholders of The Merchants Bank of Canada

In accordance with the provisions of sub-Sections 19 and 20 of Section 56 of the Bank Act, we report to the shareholders as follows:—

We have examined the above Balance Sheet with the Books of Account and other records at the Chief Office of the Bank and with the signed returns from the Branches and Agencies and have checked the cash and verified the securities of the Bank at the Chief Office against the entries in regard thereto in the books of the Bank at 30th April, 1919, and at a different time during the year and found them to agree with such entries. We also attended at some of the Branches during the year and checked the cash and verified the securities held at the dates of our attendances and found them to agree with the entries in regard thereto in the books of the Bank.

We have obtained all the information and explanations we have required. In our opinion, the transactions of the Bank which have come under our notice have been within the powers of the Bank, and the above Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Bank's affairs, according to the best of our information and the explanations given to us, and as shown by the books of the Bank.

VIVIAN HARCOURT, GORDON TANSLEY, (of the firm of Deloitte, Plender, Griffiths & Co.) Auditors.

MONTREAL, 23rd May, 1919

# DR. CLARK COVERS ALL PHASES OF THE BUDGET

SAW IN THE BUDGET A TENDENCY TOWARDS FREE TRADE; BACON CHEAPER IN ENGLAND THAN IN CANADA.

Ottawa, June 12.—The budget debate again occupied the day in the house and promises fair to continue well into next week. Hon. N. W. Rowell, president of the privy council, and Dr. Michael Clark, the free trader from Red Deer, were the principal speakers, although speeches by F. B. Stacey of Westminster district, and Lucien Cannon, of Dorchester, were followed with close interest.

Dr. Clark opened the proceedings, speaking for an hour and a half. He could not agree with Mr Crerar that the budget was protectionist. Indeed, he saw in it a tendency towards free trade. But the budget was not satisfactory. The reduction in customs taxation was more apparent than real. He argued that the government should have imposed a federal succession duty and undeveloped land tax. Why, he asked, should there not be absolutely free trade between the mother country and the dominions.

MR. ROWELL'S PLEA

There was not a thoughtful man in the house, Mr. Rowell argued, who would say that it had been possible, since the armistice, radically to change the tariff. He was glad the budget went a little farther along the line of British preference. He hoped, when the revision of the tariff took place, it would be possible to go a little farther. Mr Rowell concluded with a plea for unity of all parts of the Dominion. "On fiscal questions," he said, "neither east nor west can hope to have its full way. Both should be patriotic enough not to press matters to an extreme issue."

Mr. Stacey contended that the tariff was not the vital issue in the west. ""The one great thought," Mr. Stacey declared, "is whether the Union Jack will fly over Canadian cities or the red flag of revolution."

Later Mr. Cannon strongly attacked Mr. Calder, the minister of immigration. "I would like the honorable gentleman to explain to this house," Mr. Cannon demanded, "how the dictates of Mr. Calder's conscience would permit him, while he was a member of this Union government, to come down to the city of Quebec, and to the other cities within our province to try to make new readjustments or rearrangements to get out of power the government and the cabinet to which he belongs. Did his conscience dictate the correspondence which he has sent to the various political leaders of the country in order to organize a movement which would put this government out of power?"

Dr. H. P. Whidden, of Brandon, will continue the debate tomorrow.

Ottawa, June 12.—The speaker read in the house of commons this afternoon a letter from the governor general stating that his excellency had received the address of the house in regard to the conferring of honors. The address had been transmitted to the secretary for the colonies. "In order that it may be humbly laid at the foot of the throne."

Dr. Clark, Red Deer, then continued the debate on the budget. In opening his speech he referred to the question of political independence, raised earlier in the session by Hon. W. S. Fielding. Mr. Fielding, he said, had seemed to plead for party government, for political accomplishments. Dr. Clark asked if Cobden was not a proof to the contrary. In Canada itself at confederation the best men of both political parties suppressed their personal convictions in order to carry out confederation. Still later, the Liberal Unionists had left probably the greatest political leader that Canada had ever had because they differed from him on the question of war measures.

DON'T SURRENDER FREEDOM

In looking over matters of trade and commerce mentioned in the budget the member for Red Deer said they should be viewed in the bright light that shone from the fields of France and Flanders. The primary consideration was that having won freedom in Flanders and France, it should not be surrendered in Canada. They were at the parting of the ways in Canada. They had been told that their sons not only fought for freedom but against autocracy. Autocracy used bureaucracy in Germany. They had too much government in that country, and to get rid of it they had to get to a state in which there was very little government at all. For a country of 8,000,000 of people he thought Canada was pretty well governed. He said that in his judgment protectionism was kaiserism cut down. They had a very close relationship to one another.

STEP TOWARD FREE TRADE.

He could not agree, said Dr. Clark, with the member of Marquette (Hon. T. A. Crerar) that this was a protectionist budget. In the budget he indeed saw a tendency toward free trade. In the past he had been accused of being the only free trader in the house. He was still in the position of believing in no tariff. He was glad to note that both the government and opposition were gradually inclining toward his view, because both were in favor of a reduction in the tariff. He was also thankful that the government had resisted the offers of certain persons to have bounties placed in the budget. In his opinion, the proposals of the finance minister embodied a large number of those contained in the reciprocity agreement of 1911. The west, Dr. Clark continued, would be grateful for such reduction of the tariff as there was. But the budget was not satisfactory. Reduction of customs taxation was more apparent than real.

There was one insurmountable reason for dealing with the tariff, namely, the condition of the country.

"That is why," Dr. Clark declared, "we cannot support leaving the tariff alone."

The minister of immigration had said that the tariff was not an issue in the 1917 election. That view, Dr. Clark added, could not be supported in its entirety. It is true there were no specific proposals before the country.

"But," he said, "there were members of us in western Canada who could not have won our seats if we had not asserted, with all the sincerity that we were capable of, that we held the same views upon tariff matters that we had always held. So that it is not correct to say that the views of certain members of the Unionist party were not before the electors in the 1917 election."

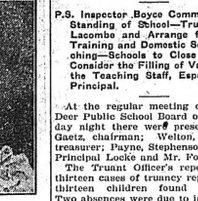
Dr. Clark regretted that the rules of the house did not permit the moving of a sub-amendment. It seemed to him to be an absurd anomaly that never since confederation had the possibility been contemplated of there being three groups of persons representing three different opinions on the principles of the budget. One had to look carefully at the proposals of the government on the one hand and the amendment on the other to see what course one should take. His particular wish was that it required too much interpretation.

NO SCARCITY OF FOOD.

There was, said Dr Clark, no excuse for any Canadian being unable to get enough food for three meals a day. The cost of living in regard to food should be at a minimum in Canada. The prime minister had expressed doubt as to whether the cost of food would be reduced by the removal of the tariff on foodstuffs. Dr. Clark said he believed it would, and certainly there was no harm in trying. He contended, said the speaker, that there was no scarcity of foodstuff in Canada. He had been told by returned soldiers that you could buy bacon by the pound in England cheaper than in Canada. In England there were half the number of pigs for the forty million people of that country that there were in Canada for eight million, but England admitted bacon free of duty. In Canada there were six and a half million cattle, as compared with seven and a half in England. In the matter of food, said Dr. Clark, the tariff did little or nothing for anyone excepting the middleman. Why was there an apparent scarcity of food? The reason was that food

# SPECIALIST SAID HE MUST OPERATE

She Took "FRUIT-A-TIVES" Instead, And Is Now in Perfect Health.



MME. F. GAREAU

153 Papineau Ave., Montreal.

"For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist, who carefully examined me and gave me several tonics to take, which did not help me. Then he told me I must undergo an operation. This, I refused to permit.

I heard about '*Fruit-a-tives*' and the wonderful results it was giving because *this medicine is made from fruit juices*, so decided to try it.

The first box gave great relief; and I continued the treatment, taking six boxes more. Now, my health is excellent—I am free of pain and swelling—and I give 'Fruit-a-tives' my warmest thanks".

MME. F. GAREAU.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent by Fruit-a-tives Limited, Ottawa.

# WESTERN MEMBERS FORM INTO GROUPS

ONE COMBINATION MAY VOTE AGAINST BOTH AMENDMENTS AND BUDGET OR NOT AT ALL

Ottawa, June 12.—The solid western representation is rapidly disintegrating into three groups as a result of the difference of opinion on the budget. They are:

1. Unionist Liberals and Conservatives who are prepared to support the budget, and who believe that in view of the financial and industrial situation, and the promise of a general revision of the tariff, Sir Thomas White has brought down a satisfactory budget. This group consists of the majority of the westerners, including a solid British Columbia delegation, and all of the Conservative Unionists except possibly two or three from Saskatchewan who are influenced by the grain growers strength.

2. The second group consists of Liberal Unionists who are more Liberal than Unionist. They are looking towards a Liberal re-union, and are planning to attend the Liberal national convention. They see in the budget a chance for reconciliation and want to support the amendment moved by Mr. Crerar, but not the budget. Those who can be placed in this class are men like James Douglas, Strathcona; Levi Thompson, J. A. Campbell and J. F. Johnston.

3. The third group consists of sincere out and out free traders, largely grain growers, with a sprinkling of independent Liberals. These men have no use for the opposition and no confidence in their sincerity on the tariff. They would like to move their own amendment but the rules of the house prevent this. They are talking now of either voting against both the Liberal amendment and the budget or refraining from voting at all. This delegation is chiefly from Saskatchewan and is represented by such men as J. A. Maharg, Maple Creek; Andrew Knox, Prince Albert, and J. Reed, Yorkton.

As a result of the differences, there is a bitter feeling forming. A western caucus was held on Monday which showed that the westerners were clearly divided between those opposed and those who favored the budget. Those opposed to the budget held a gathering of their own on Monday night, and this was followed by another gathering yesterday, when a second cleavage developed between Liberal Unionists, who want to support the MacMaster amendment, and the grain growers and independents, who object to being lined up behind a party in which they have no confidence.

# PUBLIC SCHOOL BOARD

P.S. Inspector Boyce Commends Good Standing of School—Trustees Visit Lacombe and Arrange for Manual Training and Domestic Science Teaching—Schools to Close June 27—Consider the Filling of Vacancies on the Teaching Staff, Especially the Principal.

At the regular meeting of the Red Deer Public School Board on Wednesday night there were present Messrs. Gaetz, chairman; Welton, secretary-treasurer; Payne, Stephenson, Parsons, Principal Locke and Mr. Fowler.

The Truant Officer's report showed thirteen cases of truancy reported, and thirteen children found unexplored. Two absences were due to indifference, nine to illness, and two to other reasons.

Inspector Boyce had recommended to the Department that the School Board be given a special proportional grant on account of the teaching of music by Mrs. Dawe, but had not yet received an answer.

Several applications for positions on the teaching staff were presented.

Miss Creelman resigned her position on the staff, and thanked the Board for their courtesies to her.

Mr. Jas. Shannon wrote regarding re-assuming the duties of caretaker of the Central School on September 1. Mr. Shannon had expected his old position to be offered him on his return but, if he had to wait until September 1, he would not be able to come to a decision at present.

The Local Council of Women considered it most essential that Manual Training and Domestic Science be taught in the schools. The Council was thanking for their support of the proposed action of the Board. Trustee Payne was not very sympathetic to these resolutions from the women's organizations.

**Principal's Report.**

Principal Locke presented the following report for May:

All the rooms were open for the 22 teaching days. There was a total registration of 535, which is twenty less than in April, and one less than May of last year. The High School registered 95, three less than last May. Mr. Fowler's room had the best record for attendance, and Miss Ebert's was the best room among the Juniors.

Inspector Boyce completed the inspection of the Central School.

Twenty-five cases of corporal punishment were reported.

**Holidays**

It was decided that school should close on June 27th and open on September 2nd.

**Inspector's Report**

Inspector Boyce's report called attention to repairs and improvements needed in buildings and grounds. After two years absence he returned to Red Deer to find that the looks of the Board and of the teachers and the good standing of the school have maintained their high reputation, notwithstanding the extremely trying times during the stress of the great War. In fact, not only had the general standing of the school been well maintained in spite of the many distracting influences of the past few years, but some phases of the work had very materially improved.

**Accounts**

The following accounts were ordered for payment: Gaetz-Cornett Co. $66.70; United Typewriter Co., $90; Day Hardware Co., $5; Best Furniture Co., $6; Western General Electric Co., $6.43; T. A. Gaetz, $15.30; Red Deer Tent and Mattress Co., $5.90; A. Bullock, $1.75; H. E. Bawtinheimer, auto to Lacombe, $10. The offer of Mr. Galbraith for a second-hand Oliver typewriter at $20 was accepted.

**Manual Training Arrangements**

Chairman Gaetz, Secretary Welton, Trustees Stephenson and Parsons, had visited Lacombe on Wednesday afternoon and had arranged with the Lacombe Board for joint teaching in manual training and domestic science. Red Deer to take three days and Lacombe two days of the week. The Red Deer Board, it was arranged, would advertise for and select the teachers, subject to Lacombe's approval. The arrangement was confirmed by the Board, and the necessary advertising for teachers will be done. The Red Deer trustees had been most courteously received.

The Board discussed provision in buildings, equipment, etc., for the manual training, and different duties were assigned to members of the Board to procure information for an adjourned meeting.

**Selection of Teachers**

The selections of teachers to fill vacancies was partly discussed, and further information will be obtained for a special meeting of the Board on Monday evening. The Board decided on the absolute necessity of four teachers for the High School, at least, in view of the 57 pupils in Grade 8 this year, and that they should all be University graduates. The manual training and household science work will relieve the Principals a little for Principles' duties.

The Board adjourned at 11 o'clock.

# ALBERTA FAIR DATES

Below we give a list of the more important summer and fall fairs in Alberta in 1919, as well as those in territory adjoining our own district:

Crossfield—June 25, 26.
Calgary—June 28 to July 5.

A. McCASKILL,
Sec.-Treas.

Sylvan Lake, May 28-3

VETERANS' SCHOOL OF MUSIC RED DEER, ALBERTA.

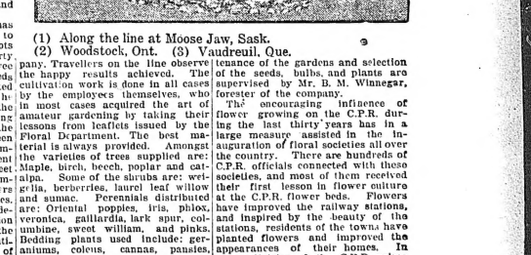
Pupils enrolled from 14 years upwards. Instruction given on all band instruments. Affiliation form and particulars may be had from H. C. Bright, bandmaster, Armouries, Red Deer.

# TRAVEL BY FLOWERY WAYS

There are many who believe that all big corporations and industrial concerns only look to the material side of things and work machine-like for the production of wealth, regardless of the winter's snow and dunheeding of the summer's bloom. This is often an erroneous idea, for it is generally realized that man does not altogether live by offices and pens and papers and engines and other accoutrements of labor—he requires trees and shrubs and flowers and the loveliness of nature.

The Canadian Pacific Railway has always paid considerable attention to the development of garden plots along its lines. It is just thirty years ago since a C.P.R. employee raised a few varieties of flower seeds in his own garden, and distributed them amongst his friends in the service of the company, with the object of promoting flower gardening at the various station plots of the railway. A vast advance has been made since then; and now the company possesses a Floral Department with headquarters at Windsor street Station, Montreal, and a Floral Committee which embraces members from the Eastern and Western lines. It is under the guidance of this department that the various station plots and other properties of the company are cleared up and beautified. Thousands of packages of flower seeds, bulbs, trees, and shrubs and large quantities of grass seeds and fertilizers have been distributed during the last few years to station agents, section foremen, caretakers of round houses, and all employees living on the property of the company. Travellers on the line observe the happy results achieved. The cultivation work is done in all cases by the employees themselves, who in most cases acquired the art of amateur gardening by taking their lessons from leaflets issued by the Floral Department. The best material is always provided. Amongst the varieties of trees supplied are: Maple, birch, beech, poplar and catalpa. Some of the shrubs are: weigelia, berberries, laurel leaf willow and sumac. Perennials distributed are: Oriental poppies, iris, phlox, veronica, gaillardia, lark spur, columbine, sweet william, and pinks. Bedding plants used include: geraniums, coleus, cannas, pansies, asters, verbenas, petunias, and castor oil plants. Standard seed packets sent out contain: Nasturtiums, alyssum, mignonette, sweet peas, phlox and kochia. Ferns and house plants are given to the larger stations. The establishment and maintenance of the gardens and selection of the seeds, bulbs, and plants are supervised by Mr. B. M. Winnegar, forester of the company.

The encouraging influence of flower growing on the C.P.R. during the last thirty years has in a large measure assisted in the inauguration of floral societies all over the country. There are hundreds of C.P.R. officials connected with these societies, and most of them record their first lesson in flower culture at the C.P.R. flower beds. Flowers have improved the railway stations, and inspired by the beauty of the stations, residents of the towns have planted flowers and improved the appearances of their homes. In every division of the C.P.R. prizes are given every year for the best displays, and many of these amateur railway gardeners have tried their products with success against all comers at the big Canadian and American flower exhibitions.



(1) Along the line at Moose Jaw, Sask.
